❖ TURNER'S STORY ❖

I was rescued as a stray in 2008, when I was a year old. I was afraid of everyone and everything. No matter what I ate I got a tummy ache and diarrhea. What finally made me healthy and happy (well, besides a whole lotta love), was Heather's Tummy Care. It's for people with touchy tummies, but helps dogs too. I like it so much, now I run the company!
